

Honeywell®

1472g Voyager XP upgradeable area-imaging wireless scanner

Honeywell Voyager Extreme Performance (XP) 147x is the next generation of Honeywell handheld sensors, designed for in-store retail environments. The Voyager XP 147x scanner offers highly accurate scan performance, easily capturing damaged and difficult-to-read codes. Scanner can be upgraded to a device that can also read 2D and DotCode.

With better durability and a more powerful scan capability than previous models the Voyager XP 147x scanner is the perfect option for workflows that include 1D and 2D barcode reading and require a more robust and reliable solution. The scanner's extended scan distance will reach right to the bottom of the cart without bending and wasted time at the checkout. The Voyager XP 147x scanner is fully backward-compatible with existing Voyager accessories, reducing total cost of ownership.

Key features:

- more powerful scan capability than previous models
- easily reads even difficult-to-read and damaged codes
- scanning barcodes up to 30 m from the base
- fully backward-compatible with existing Voyager accessories
- great price/performance ratio

Technical Description

Functionality & Operation

Communication interface	USB
1D Barcode Symbolologies	All standard one-dimension barcodes

Optical

Depth of scan field	18 - 400 mm
Bar code scanner	1D Imager
