

# Honeywell®

## Honeywell 3820i USB Kit: industrial wireless barcode reader, base, power supply, USB cable

Honeywell 3820 is an industrial, wireless reader, which is designed for high performance barcode scanning in areas where the emphasis is on maximum reliability even in the harshest working environments.

It is made for reading-intensive applications that require robust solutions. It features a unique design that allows easy access to the battery. Bluetooth connection allows users to move freely and eliminates the need for cables, it is necessary to ensure quick and accurate data communications. Made specifically for industrial applications.

### Main features reader Honeywell 3820:

- IP54 - high read performance - ergonomic housing - Industrial applications - Bluetooth 2.0 - long batter

# Technical Description

<b>Functionality &amp; Operation</b>	
Communication interface	USB, RS232
<b>Optical</b>	
Bar code scanner	Linear CCD Imager
<b>Electrical</b>	
Main battery pack	Li-Ion 1800 mAh
<b>Mechanical</b>	
Dimensions	Width: 140mm, Height: 110mm, Length: 81mm
Weight	261g
<b>Environment</b>	
Operating temperature	-10 to 50°C
Storage temperature	-40 to 70°C
Shock resistance	multiply drops from 2 m onto concrete surface
Operating humidity (non-condensing)	0 to 95%
Ingress protection	IP54
<b>Others</b>	
Warranty	3 years,battery 1 year
