

QX3 Cube POS Receipt Convertible Printer with autocutter, USB+LAN, black

The Birch QX3 is a powerful and fast printer with very cube design built-in the metallic inner mechanism to assure of the printing stability and reliability. With the very small foot-print design which can meet for most of the working environment. Thanks to the convertible printing output which allows QX3 printer supports the front printing outputs and top printing outputs, then the customers can be more flexible. The printer offers a choice of three different paper widths to save you money.

Key features:

- convertible printing outputs
- a multiple printer for the 58mm/80mm/82.5mm paper width
- cutter
- fast print 300 mm/s
- supports 1D/2D barcode (QR code and PDF417)
- IAP functions support firmware update within 90 seconds

Technical Description

Functionality & Operation

Commands set	ESC/POS
Print resolution	203dpi
Communication interface	Ethernet, USB
1D Barcode Symbolologies	All standard one-dimension barcodes
2D Code Symbolologies	PDF417, QR code
Print mode	direct thermal
Maximal print width	72mm
Print speed	300mm/sec
Memory	64 K Bytes Input buffer, 256k bytes NV Flash

Electrical

Power Source	Input: 110~220 VAC 50~60 Hz
--------------	-----------------------------

Mechanical

Dimensions	Width: 130mm, Height: 126mm Length: 130mm
Weight	1.115kg
Color	black

Consumables

Media thickness	0.06 to 0.08mm
Maximal paper width	82.5mm
Maximal roll diameter	83mm

Environment

Storage temperature	-10 to 60°C
Storage humidity (non-condensing)	10 to 90%
Operating temperature	0 to 45°C
Operating humidity (non-condensing)	10 to 90%

Others

Bundled Accessories	cutter
