

# Honeywell®

## Stratos 2422 Scanner Only, 353mm, Diamonex Platter

Honeywell's Stratos® 2400 5-sided, 360°-bioptic scanner increases productivity in demanding, high-volume seated environments where shorter vertical towers are required, and poor quality and highdensity bar codes are prevalent. Independent scanning planes and a modular design lower maintenance costs and ensure continuous operation.

The Honeywell Stratos 2421 offer pre-aligned optical scanning modules, and independent scanning planes which enable the scanner to maximize uptime and maintain productivity.

The scanner maximizes return on investment with analytical tools.

### Stratos tools:

- **StratosSYNCTM Independent Scanning Planes:** Maintains productivity and uptime via independent scanning planes
- **StratosSCHOOL Operator Training Software:** Improves productivity and promotes safer scanning techniques
- **StratosSWAPTM Pre-Aligned Optical Scanning Modules:** Minimizes downtime and lowers the cost of service via modular optical scan engines
- **StratosSTATS Productivity Analytical Software:** Provides data critical to maintaining checkout productivity
- **Remote MasterMindTM Scanner Management Software:** Offers a quick and convenient solution for IT administrators seeking to manage all scanners within their network from a single remote location

# Technical Description

## Functionality & Operation

Communication interface	RS232
1D Barcode Symbolologies	All standard one-dimension barcodes, GS1-DataBar

## Optical

Depth of scan field	H: 0 mm - 100 mm, V: 0 mm - 216 mm - 0,33 mm (13 mil) bar code
Minimum symbol contrast	35%
Resolution	4,5 mil (0,114 mm)
Scanning rate	5400 scans/sec
Scannig pattern	54 lines (38 lines horizontal, 16 lines vertical)
Bar code scanner	Laser
Light source	visible laser diode VLD 650 nm

## Mechanical

Dimensions	Width: 292mm, Height: 130mm Length: 353mm
------------	---

## Environment

Operating temperature	0 to 40°C
Operating humidity (non-condensing)	5 to 95°C
Storage temperature	-40 to 60°C
