

ZC100 - Card Printer, Single Sided, 300 DPI, USB

The next generation of simplicity in minimalist design. This is the Zebra ZC100 - a color printer for plastic cards, identification cards and magnetic stripe cards.

Whether you need to print single-sided employee identity badges or membership and event guest cards, card printing is a crucial aspect of your business. Deployment flexibility and the time it takes to print and manage your card printing solutions all have an impact on your business — from your brand image to staff productivity, overall operational efficiency and operating costs. Now, there's a new kind of card printer designed to address it all — the ZC100. You get groundbreaking simple operation and the slimmest fit-everywhere design, along with a toolbox of additional capabilities that make the ZC100 even easier to integrate, use and manage. The ZC100 — when only the best single-sided card printer will do.

Technical Description

Functionality & Operation

Print speed	150cph YMCKO
Print speed	700cph black
Memory	2MB Flash
Print resolution	300dpi
Communication interface	USB
Print mode	Dye Sublimation, thermal-transfer

Electrical

Power Source	90-132VAC, 190-264VAC RMS
--------------	---------------------------

Mechanical

Weight	3.9kg
Dimensions	Width: 157mm, Height: 258mm Length: 383mm

Consumables

Media type	Magnetic Stripe Cards, ID Cards, plastic cards
Media thickness	0.25 to 1.02mm

Environment

Operating temperature	15 to 35°C
Storage temperature	-5 to 70°C
Operating humidity (non-condensing)	20 to 80%
Storage humidity (non-condensing)	20 to 90%
